# Circular 18/2022

## REQUIREMENT OF A CURRENT FEDERATION LICENSE

**Golf facilities and golf courses are reminded that the RFEF statutes establish the obligation to require the presentation of a valid license in Spain to all persons (professional and amateur players), regardless of their nationality, who would like to use the facilities or courses for the practice of golf.**

The fulfillment of this obligation is accredited, for **Spanish and foreign athletes with NIE or residence card**, with the presentation of the **ANNUAL LICENSE** in force.

The **TEMPORARY LICENSE**, processed by the Autonomic Federations, is for **foreign athletes** (without NIE or residence card) who use the facilities and golf courses for sports practice **occasionally and for tourism purposes.**

The compulsory insurance included in these licenses **is the only insurance** (excluding any other) **that covers civil liability caused by the golfer.**

Liability insurance for golf facilities only covers the liability of the policyholder, that is, the liability of the sports facility and not that of the golf players.
